

TELESTAR SATPLUS light

DIGITAL COMBO MEASURING RECEIVER

Measuring receiver

- for DVB-S/S2, DVB-T/T2* (H.265), DVB-C

Screen

- 4,3" TFT Screen

Akku

- leistungsstarker 2.600 mAh-Akku

Torch

- practical torch function

The TELESTAR SATPLUS lite is a versatile entry-level digital measuring device. The device is perfectly suited for DVB-S/S2, DVB-T/T2 (H.265) and DVB-C measurements, which are displayed clearly and understandably on the 4.3" screen. This compact instrument offers an impressive range of functions. The user-friendly operation makes handling effortless and leads you directly to the desired menu item.

The built-in 2,600 mAh battery allows you to take several measurements on one battery charge. Firmware updates are easy to perform via the USB port and channel lists can be easily backed up and restored via USB. An integrated angle calculator for SAT antennas and a practical torch function round off the range.
